

OAPL SLING AND SHOULDER IMMOBILISER

Floating shoulder pad on padded velfoam strapping for increased comfort with alligator tabs for easy length adjustment.

Lightweight breathable cotton sling.

Universal left or right. Available in 4 sizes - Paediatric to large and in handy dispenser boxes containing 5 individual wrapped slings.

Padded thumb loop.

Horizontal waist strap provides greater shoulder immobilisation, whilst still allowing freedom of wrist and hand. (Shoulder immobiliser only).

Easy access to arm without removing sling for therapy or exercise sessions (Shoulder immobiliser only).
